Testimonials: “I have been consulted by Ria and it changed my approach towards presenting and winning.” - Peter Craddock

“Ria Fourie first consulted with me on my personal image, and after a shopping spree, I discovered a new ME, as the compliments on the implementation of my new colours, were astonishing. She also mentored my performance during a training session which I conducted and I found the feedback mind-blowing, and the implementation of her advice and tips proofed huge results. A service highly recommended.” – Nick Wright
